

**Are you confident you are being informed of the best solution for your balustrade?**

GLASS & WINDOW  
SOLUTIONS

## Aluminium & Glass Balustrades

Custom made to suit virtually any deck shape, including curved, our balustrades provide durable aluminium solutions to meet your requirements.

### Applications

- Our selection of aluminium and glass balustrades can be used in a wide range of building applications
- Residential and multi residential developments
- Motels, Hotels, Rest homes and Hospitals
- Offices, Commercial property
- Pool fences and gates

Designed to appeal and built for durability, with an emphasis on stylish lines and fine detailing, our balustrades are constructed from aluminium using stainless steel fasteners and finished with a powder coated or anodised finish for minimal maintenance

Our Sales Representative will meet with you to discuss the styles and options available to ensure you receive the system that will best suit your needs.

**An aluminium or frameless balustrade?  
What is the best solution for you?**

## Frameless Glass Balustrades

By utilising a prestigious range of frameless glass balustrade systems, we will preserve your treasured view or compliment modern architecture with the ultimate balustrade styling.

Exceptional quality is incorporated in the product design. Custom made to any deck shape, Glass and Window Solutions frameless glass balustrades provide a premium solution to meet your requirements.

Designed to appeal with minimalistic styling and an emphasis on clean lines. Aluminium & stainless extrusions are available in a wide range of finishes, from polished stainless, anodised or powder coated. This can allow the balustrade to compliment the aluminium joinery, blend into the surrounding building elements or stand out as a feature.

*For options and pricing, our Glass & Window Solutions sales representative can work with you and help assist with choosing the right product for your requirements.*

Designed for the way you live
